BRAKE PARTS

ABOUT US

Costh Brake Parts has been serving the Turkish automotive industry since 1996, with nearly a quarter-century of experience in the production of brake caliper systems and repair kits.

Thanks to the trust and quality it has established through its service capacity in the domestic market, the Costh Brake Parts family has also been continuing its services abroad for many years. Costh Brake Parts reaches a broad international market, mainly consisting of European and Middle Eastern countries. Since the day we were founded, our priority has always been high-quality service and customer satisfaction.

In order to provide our customers with the highest quality products and services, we continuously follow developing new technologies.

We are proud to carry our achievements to a higher level and certify them with the necessary documents and certifications both domestically and internationally. Our primary goal is to take reliable steps at the right time and to provide higher quality, error-free, and cost-effective service through advancing technology. We do not make excuses for possible issues during production; instead, we produce solutions. With our ever-expanding product range, our company continues to meet customer demands. Carrying the responsibility of being a manufacturer for many years, Costh Brake Parts will continue to remain a leader in its sector with confident steps.

OUR VISION is to increase customer satisfaction by offering high-quality products at reasonable prices and building a trustworthy relationship with our customers, while ensuring continuity of bulk orders in parallel. In order to achieve this vision, we continue to invest in new technologies and innovative production methods.
